

Understanding Interactions Between Cannabis and Other Drugs

Tuesday, March 31st 7:00—8:00pm (EDT)

The Cannabis Knowledge Exchange Hub and the Pharmacist Mentoring for Addiction and Pain initiative at the Centre for Addiction and Mental Health are co-sponsoring this webinar on interactions between cannabis and other drugs (prescription, non-prescription, and substances).

To sign up, please visit:

https://cannabis_interactions.eventbrite.com

Note: Space is limited, so if you're participating with other individuals, please register as one person and view the webinar together.

For more information contact cannabis.hub@camh.ca

By the end of this free webinar, learners will be able to:

- Use a standard framework to think through how cannabis may impact other drugs, and vice versa
- Monitor for the effects of drug interactions between cannabis and other drugs
- Refer to reputable resources to learn more about drug interactions

About the presenter: Maria Zhang

Maria Zhang, RPh, BScPhm, PharmD, MSc, is a Clinician Educator and Advanced Practice Clinical Leader (Pharmacy) jointly at the Centre for Addiction and Mental Health (CAMH) and at the Leslie Dan Faculty of Pharmacy, University of Toronto (U of T). Maria completed her post-secondary training at the University of Toronto, with her graduate work recognized by the Department of Pharmaceutical Sciences and the Collaborative Program in Addiction Studies. The focus of her research and her teaching is addictions, with a specialization in problematic prescription drug use. She is also interested in knowledge translation and supporting the continuing professional development of health care professionals.
