1 in 8 seriously CONTEMPLATED SUICIDE in the past year. Females were more likely than males to do so.

1 in 10 reported having 3 or 4 of the following COEXISTING PROBLEMS: psychological distress, antisocial behaviour, hazardous/harmful drinking, or a drug use problem.*

*Among grades 9-12 only (6,159 Ontario students)

**A MAJORITY** of Ontario students:
- Rated both their physical and mental health as excellent or very good;
- Got along well with their parents; and
- Reported a positive school climate.

Since 2007, reports of suicide attempts and any gambling remained stable.
